

Important information regarding the Intermodal Logistics Centre (ILC) at Enfield Project

The site for the ILC extends from the intersection of the Hume Highway and Roberts Road in the north to the intersection of Punchbowl Road and Cosgrove Road in the south. On completion it will include an intermodal terminal, warehousing and empty container storage facilities, a light industrial and commercial area along Cosgrove Road, a Community and Ecological Area and new road and rail connections.

Commencing in the first week of December and continuing over the next three months, Sydney Ports Corporation and its specialist subcontractors will undertake site preparation works including demolition, relocation of power lines and protection of heritage items.

Working hours will be from 7am to 6pm Monday to Friday and 8am to 1pm on Saturdays. All works will take place within the boundary of the site. There may be some additional truck movements along Cosgrove Road, South Strathfield.

For further information about this important project please visit the website **www.sydneyports.com.au**

If you have any enquiries about the work, please call **1800 059 233** or email **ilcenfield.project@sydneyports.com.au** or write to PO Box 25, Millers Point, NSW 2000.

Sydney Ports Corporation will provide further information on upcoming works in future updates. To receive this information, please register by using the email address or phone number above (electronic details are preferred).

If you know someone who does not read English and would like more information about Sydney Ports Corporation, ILC at Enfield Project please phone 1800 059 233 to arrange interpretation.
